

TRAINING BULLETIN

Technical Training Schedule 2020

TOSHIBA Are pleased to announce dates for 2020 Technical Training. All of our courses have been designed to ensure that we offer all customers the opportunity to increase their working knowledge of Toshiba products and Industry standards through dedicated product training. Our **Free of Charge** courses confirms our commitment to providing industry leading development for air conditioning professionals. As of 2019 all attendees of our **VRF** courses will be invited to the new online training website where they can complete further courses and refresh themselves with all of our equipment, for more information contact Toshiba.training@toshiba-ac.com
